

1.6 Kreutz acceptability

I sometimes wonder which concepts of Kreutz Ideology have the potential to become accepted by many people.

Ideas on the human self, yes

The concept of a comfortable death, yes

The political interest in is gentle society, yes

The liberalization of drugs, yes

Sexual enhancement by medications, yes

Ideas on improving sexual market value by cosmetic surgery, yes

Restricting opportunities for male philandering, yes among women

Protecting the value of female sexuality, yes among women

Restoring personal sexual freedom, yes among men

Liberating female sexuality, yes among some women and some men

My thought on a return to poverty, yes among many men and women, for contradictory reasons.
